

Operating instructions

Rational and gas oven

Terminal 1 – River Side Kitchen

**Before turning on the gas, check that there is no gas odour.
If you smell a strong gas odour, immediately notify
the logistics agent on site.**

- 1) Make sure that all the power dimmers on the control panel are in the OFF position
- 2) Set the exhaust to MAN
- 3) Set the main gas valve to ON (do not touch the secondary valves, already ON)
- 4) Turn on the oven pilot, even if the oven is not in use.

At the end of use, please:

- 1) Close all power dimmers and set to OFF
- 2) Turn the main gas valve OFF (do not touch the secondary valves, leave them ON)
- 3) Close the exhaust, set to OFF

If you have any questions, contact the logistics agent on site.
